Reasons for allowance

The examiner considers some of the applicants arguments filed on 11/02/05, convincing and persuasive. The following is an examiner's statement of reasons for allowance:

As claimed in applicant's independent claims 1, 12 and 19, prior art does not teach air-flow underneath the plate between the bottom opening to the top-edge slots.

Although newly found prior art (Lin et al., US 6,343,020 B1) meets most of the limitations of applicant's limitations in claims 12 and 19, it does not teach enhanced heat transfer by air-flow between bottom opening and the top-edge slots.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Biju Chandran whose telephone number is (571) 272-5953. The examiner can normally be reached on 8AM - 5PM. Mon-Fri.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Lynn Feild can be reached on (571) 272-2092. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
